BY-LAW NO. 9755

A By-law to impose development cost levies in the general area of the city

**[Consolidated for convenience
including By-law No. 14214
effective December 10, 2024]**

PREAMBLE

Council is satisfied that the amounts raised by levies imposed by this By-law in the general area are unlikely to exceed the estimated costs of projects for the general area.

Council has determined that imposing levies in the amounts set out in this By-law in the general area to contribute to the costs of projects for the general area are fair and equitable.

Council is excluding those areas of land described in Part 1 of Schedule A from this By-law because Council has previously determined that development anticipated in those areas will contribute to the need to provide capital projects, and has previously imposed development cost levies with respect to those areas.

Council is excluding those areas of land described in Parts 2 and 3 of Schedule A from this By-law because Council has previously determined that development anticipated in those areas will contribute to the need to provide capital projects, and has previously provided for them by way of official development plans, comprehensive district rezoning, alternate funding arrangements, or other appropriate measures.

THE COUNCIL OF THE CITY OF VANCOUVER, in public meeting, enacts as follows:

- 2.1 Council designates that the general area is subject to imposition of a levy under this By-law.
- 2.2 Development cost levies are imposed under this by-law for the purpose of providing funds to assist the City in paying the capital cost of providing, constructing, altering, or expanding highway facilities, replacement housing, childcare, and providing and improving parkland.

SECTION 3 DEVELOPMENT COST LEVIES

Imposition of levies

- 3.1 Subject to this By-law, Council imposes, on every person entitled to delivery of a building permit authorizing development in the general area, the levies set out in Schedule C.

Waiver or reduction for for-profit-affordable housing

3.1A Notwithstanding section 3.1, Council waives or reduces the levy otherwise required under Schedule C by the rates set out herein for the construction of for-profit affordable rental housing, which shall mean housing where:

- (a) all dwelling units in the building are rental units;
- (b) no dwelling units are strata units;
- (c) **DELETED**
- (d) At least 20% of the residential floor area that is counted in the calculation of the floor space ratio consists of units with average rents per unit type at initial occupancy and upon a change in tenancy of a unit that do not exceed a rate that is at least 10% less than the average rents for studio units, one bedroom units, two bedroom units and units with three or more bedrooms in the city, as published by the Canada Mortgage and Housing Corporation in the Rental Market Survey Data Tables in the previous calendar year, or where instead of complying with (d);
- (e) agreed upon average rents per unit type for initial occupancy do not exceed the average rents for studio units, one bedroom units, two bedroom units and units with three or more bedrooms built in the City since 2005, as published by the Canada Mortgage and Housing Corporation in the Rental Market Survey Data Tables in the previous calendar year, except that such rents may be 10% higher than the rents otherwise stipulated under this section if the housing is located in the West Area as shown on the map attached to this By-law as Appendix "A",

and rents shall also be adjusted annually on January 1:

- (i) for all studio units, one bedroom units, two bedroom units and units with three or more bedrooms to reflect the change in average rents for studio units, one bedroom units, two bedroom units, and units with three or more bedrooms built in the City since 2005, as those rents are set out by the Canada Mortgage and Housing Corporation in the Rental Market Survey Data Tables published in the previous calendar year, or the most recently published data for the newest building age category for private rental apartment units published in the Canada Mortgage and Housing Corporation's Rental Market Survey Data Tables; or
 - (ii) when the average rent data for any bedroom type is not reported in the Canada Mortgage and Housing Corporation's Rental Market Survey Data Tables, the change in average rents will reflect the average rents for the most recent building age category available in the Canada Mortgage and Housing Corporation's Housing Market Information Portal, as those rents are set out for the previous calendar year,
- (f) the owner of the property on which such housing is situated has registered against title to that property an instrument, in form and substance, and with priority of registration, satisfactory to the Director of Legal Services, ensuring the initial rents are in accordance with 3.1A (d) or 3.1A (e), and otherwise in compliance with this By-law, and restricting the tenure of such housing to rental for:
- (i) the longer of the life of the building in which they are situated and 60 years, or
 - (ii) such other term to which the City and owner may agree; and

Administration of waiver

3.1B The waiver under section 3.1A shall be administered as follows:

- (a) rents to be agreed upon at initial occupancy shall not exceed the average rents stipulated in section 3.1A and this By-law and for clarity, the rents to be charged may be lower than the rents stipulated by this By-law, but may not exceed the rents stipulated by this By-law;
- (b) if a new zoning by-law was required to authorize the development of the site, the rents to be agreed upon should be stipulated at the time of Council's approval in principle of any zoning by-law required to authorize the development of the site and included in the conditions of enactment of the zoning by-law approved by

Council following the public hearing, and if no new zoning by-law was required to authorize the development of the site, the rents to be agreed upon should be stipulated at the time the 'prior-to permit issuance' letter related to the development permit is issued;

- (c) notwithstanding sections 3.1B (a) and (b), if a new zoning by-law was required to authorize the development of the site and the tenure of the residential area of the building for which a waiver is being sought was not secured as rental housing as a condition of enactment, the rents to be agreed upon shall not exceed the rents at occupancy stipulated in section 3.1A and this By-law and do not need to be stipulated in accordance with 3.1B (b);
- (d) **DELETED**
- (e) any waiver of a development cost levy authorized under section 3.1A is to be calculated and determined at the time of issuance of a building permit authorizing construction of the building subject to the waiver;
- (f) a building that qualifies under section 3.1A for a development cost levy waiver shall not forfeit the waiver because other housing otherwise exempt from development costs levies under City by-laws or the Vancouver Charter is also located in the building; and
- (g) all units of all unit types must meet all the requirements in section 3.1A (a) and (b), all units of all unit types that comprise the 20% of residential floor area used to calculate 3.1A (c) must meet the rents specified in 3.1A (c), and all units, of all units types must be used to calculate the average rents specified in 3.1A (d), except that a building that contains studio units, one bedroom units and two bedroom units that meet all requirements in 3.1A (a),(b), and (d) qualifies for a waiver for all those units in each of those unit types on a pro rata basis even if the building contains units with three or more bedrooms that do not meet the requirements in section 3.1A (d), in which case none of the units with three or more bedrooms qualifies for the waiver.

General area levy

3.2 Schedule C sets out the levies imposed under this By-law.

Application of levy to less than four dwelling units

3.3 A levy is payable where a building permit authorizes the construction, alteration, or extension of a building that, after the construction, alteration, or extension, will:

- (a) contain less than four self-contained dwelling units;
- (b) be put to no other use other than residential use in those dwelling units; and
- (c) in the case of an alteration or extension, except for the alteration or extension of a garage into a laneway house, include an addition of 46.5 m² or more of floor area.

Alteration or extension of existing building or structure

3.4 If a development consists only of the alteration or extension of an existing building or structure to increase its floor area, except for the alteration or extension of a garage into a laneway house, the levy applies only to the additional floor area.

Staged development

3.5 If a development takes place in stages authorized by separate building permits, a levy is payable, under section 3.2 with respect to each such building permit.

Staged building permit

3.6 If a building permit is issued in stages, a levy is payable prior to issuance of the first building permit.

Aggregate levy

3.7 If a development includes uses, or buildings or structures, to which different levies apply, the levy for the development is to be the aggregate of them.

Micro dwellings

3.8 No levy is payable for micro dwelling units that measure no more than 29.7 m², and are built in accordance with a building permit.

Change in use of excluded floor area

3.9 If the conversion of space that is not floor area to a use that makes it floor area occurs Council deems such space to be floor area as at the date of issuance of the building permit authorizing its development.

Change in use of excluded land or development

3.10 If the development or change of use of land or a building or structure, that is exempt from a levy, makes it subject to a levy, such levy is due and payable at the time of such development, alteration, or change of use.

Rate for LOCH increases

3.11 If the permitted maximum floor space ratio for Low Operational Cost Housing has been increased under section 10.19 of the Zoning and Development By-law, and the resulting increase in floor space ratio would increase the rate charged under this By-law, the rate that would have applied prior to the density increase under section 10.19 shall be the rate charged.
