RS-1 FSR PROVISIONS FOR LARGER SITES

Authority - Director of Planning

Effective April 10, 1990

Amended December 14, 2004

The RS-1 Zoning District Schedule permits a floor space ratio (FSR) of 0.60 of which 0.20 + 130 m² can be above grade.

For larger sites, those that are 18.2 m or more wide and 500 m² or more in area, the Director of Planning may consider an increase to the FSR to 0.30 + 93 m² subject to compatibility with adjacent development and approval of a landscape plan. The intent of this provision is to apply when the 0.20 + 130 m² FSR would result in a development that is smaller in scale than adjacent existing buildings.
