C-5, C-5A and C-6 Districts Schedule
(West End Commercial Districts)

1 Intent
The intent of this Schedule is to provide for retail and services uses and forms of development compatible with the primarily residential character of the West End and to provide for dwelling units in C-5A and C-6 designed to be compatible with commercial uses. This schedule encourages external building design, the scale and function of which is oriented towards pedestrians. The C-5 district provides opportunities for commercial uses throughout the district and opportunities for nightlife in the Davie Village. The C-5A district differs from the C-5 district because C-5A provides density bonuses for social housing and secured market rental housing. The C-6 district differs from the C-5 and C-5A Districts because the C-6 district provides a transition between the Downtown and the West End by permitting a greater density and scale than the C-5 and C-5A districts.

4.7.1.2 The Director of Planning may permit an increase in permitted floor area for a hotel existing on September 30, 1986, to a maximum of 5% additional floor area, if, in the opinion of the Director of Planning, the increase in floor area will result in enhanced pedestrian amenities.
